## HIT BY STREET CAR.

Hugh Walker Seriously Hurt When  
Wagon Is Smashed.

Hugh Walker, an employee of the Topeka Plumbing company, was injured seriously at 1:30 this afternoon when a westbound street car hit the wagon in which he was riding and threw him to the pavement. Following the collision with the car, the horse ran away and Walker in an attempt to hold the animal was thrown against the curb in front of the U-V laundry on West Sixth avenue between Jackson and Van Buren street. He was removed at once to Christ's hospital where his injuries are being treated.

From information obtained from bystanders who saw the accident, it seems that Walker was driving west on the car tracks in a wagon belonging to the Topeka Plumbing company. A westbound car came down Sixth avenue between Jackson and Van Buren street. Walker heard the clanging of the bells, and as it is said he attempted to turn his horse from the track. Before the wagon cleared the rails the fender of the car struck and threw it to one side. Walker falling from his seat to the pavement.

At this point the horse became frightened and started to run away with the remnants of the wagon. Walker held to the lines in an attempt to stop the horse. He was dragged for several yards when he was hit by the wagon and thrown to the curb. He was picked up and carried into the U-V laundry where he was cared for until the ambulance arrived.

Walker was knocked unconscious and remained in this condition until he was picked up. He regained his senses then but would say nothing concerning the accident.

His injuries seem to be in the back and knees. From what he said to the first persons who rushed to his side, he was injured internally. Physicians do not know the extent of the injuries at a late hour this afternoon.

Walker has been in the employ of the Topeka Plumbing company for the last seven months. He came to Topeka from Kansas City with his family. They live on Harrison street between Twelfth and Thirteenth.

## DEATHS AND FUNERALS.

The funeral of Otto Miller, announced for this afternoon, was postponed and the date will be announced later. The body arrived from Kansas City but Mrs. Miller was unable to come on account of prostration from grief and the body will be held until she recovers sufficiently to attend the service.

The body of J. C. Cooper, who died in Los Angeles, was cremated today in that city. The Masons were in charge of the funeral ceremony. The ashes will be brought to Topeka and buried by the side of his wife.

## THE DIAMOND STORE OF TOPEKA

## BACK TO BOOKS.

Topeka City Schools Open for  
Year Today.

Teachers Warned Not to Require  
Supplemental Books.

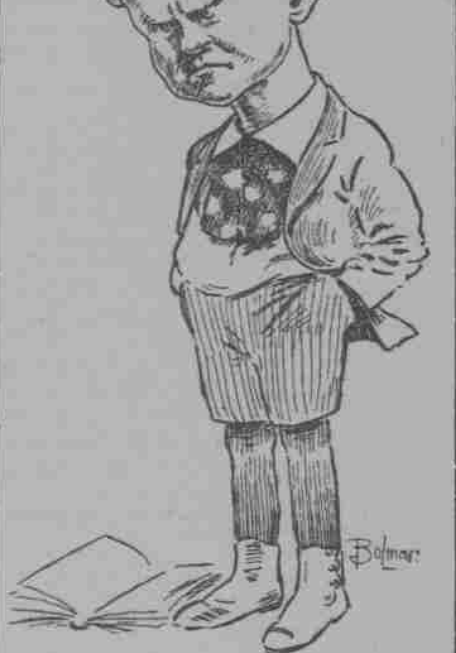

### STARR'S INSTRUCTIONS

New Superintendent Tells of  
Modification in Courses.

High School Students Must Keep  
Out of Fraternities.

The city schools opened today under favorable conditions. The day dawned clear and crisp, and at an early hour the children were seen walking briskly towards their respective schools with their books under their arms and smiling faces. As a usual thing the youngsters do not look forward with any great degree of pleasure to the opening day, but when that event arrives it really seems rather nice to meet the other children again on the school grounds and talk over the football games and other good times that are to come—and as a secondary matter studies.

The city schools opened today under favorable conditions. The day dawned clear and crisp, and at an early hour the children were seen walking briskly towards their respective schools with their books under their arms and smiling faces. As a usual thing the youngsters do not look forward with any great degree of pleasure to the opening day, but when that event arrives it really seems rather nice to meet the other children again on the school grounds and talk over the football games and other good times that are to come—and as a secondary matter studies.

A Cloud on the Face of the Son.

The enrollment returns will not be in until the last of the week, but it is expected that the attendance will be large. No really serious work was done today, and in fact it will be a day or two before the children become adjusted to the new conditions, and get down to real hard work.

Teachers are warned not to attempt to compel parents to purchase supplemental text books for the grades. As C. Starr gave the following instructions in respect to this question to the teachers:

"The form of the course in reading has been modified somewhat to conform to the peculiar wording of the text book law. In that law the use of reference text books is recognized. As no text book has been provided by the school text book commission for literature for the elementary schools, it is believed that the use of additional books as literature is permissible.

"Principals and teachers are cautioned not to attempt to compel parents to purchase any of the additional or reference books for the grades in which the Powers and Balliet readers are assigned. The same instruction applies to the reference book in language. The books provided for reading and literature in the 3-A grade should be regarded in the same way.

"For grades three, four and five, additional or reference books in reading and literature have not yet been ordered by the dealers. The district court recently decided that the board of education can legally buy them and it is possible that parents would not be compelled to purchase them.

"It is not advisable under the circumstances to ask parents who care to do so to purchase those books for their children until some funds are raised with which to purchase books for pupils whose parents do not care to purchase them. This arrangement is a temporary one, which I hope will not be relieved. For it to be continued long would result in no work in reading and literature being very much impaired. For the present, in grade three selections from the Ward text reader may be read until the situation is relieved."

The hours for school sessions will be the same as heretofore: 9 to 12 and 2 to 4. Teachers are required by the rules of the board of education to report at their buildings punctually at 8:40 a. m. and 1:40 p. m., so that they may be on duty from that time.

Every effort will be made at the high school to keep fraternities out of the institution and each student is requested to sign this statement:

"I hereby certify that I am not a member or pledge of any organization known as, or of the nature of a fraternity or sorority whose membership is or has been composed in whole or in part of Topeka high school pupils, and I promise that during my continuance in the Topeka high school I will not become a member or pledge or have any connection whatsoever with any such organization."

The third and fourth years have been established in the business department and indications are that a fair sized class will take advantage of the instruction. Typewriting and stenogra-

A 50c quality at 29c.

See Window Display.

phy will be taught by George Dougherty. Required subjects in the third year are bookkeeping, English, accounting and office practice, industrial history, one half year; civics and municipal activities, one half year. In the fourth year the studies required are English, banking, transportation, business and business organization and management, economics and industries, one half year, and commercial law one half year. Typewriting and stenography are elective studies.

A force of men was working strenuously all last night installing the desks in the new Van Buren street school and all night work was also in progress in the old portion of the Monroe school, which has undergone improvements getting it into shape for the opening day. It will probably be ten days before the addition to this building is completed, and two weeks before the addition to the State Street school building is in readiness for occupation. In the meantime the State Street pupils will have to go over into a room of the Seward Avenue Baptist church.

## STUBBS AN A. H. T.

Governor Joins Anti-Horse Thief Association.

A branch organization of the Anti-Horse Thief association has been formed in Topeka, with Gov. W. R. Stubbs, Attorney General John Dawson, J. S. Longshore, Earl Akers, Charles Sessions, Robert Stone and about twenty-five other prominent citizens as charter members.

President John W. Ward of the Kansas division was present Monday night at the Commercial club to perfect the organization. D. O. Orr of Topeka was the organizer. The following were chosen as officers: C. N. Babin, president; Robert Stone, vice president; Fred J. Partridge, secretary, and Walter L. Payne, treasurer.

The men who have banded together will have much work to do in the next month, as on October 18 and 19 the annual Kansas branch convention of the association will be held in the auditorium and it is expected that there will be at least 1,500 delegates present.

The Kansas division, which includes Nebraska and all states west to the coast, has a membership of 22,000, the same share of the local lodges—\$22—being in Kansas.

The following are the charter members: Governor Stubbs, John Dawson, J. N. Dolley, Charles Sessions, J. Will Kelley, Robert Stone, E. N. Bacon, Fred J. Partridge, J. H. Mitter, Walter L. Payne, W. E. Davis, F. W. Dougherty, F. D. Merriam, A. P. Chalk, C. C. Booher, A. J. Hollinger, P. J. Anderson, J. S. Longshore, Earl Akers, A. A. Godard, S. E. Cobb, William Macfarlan, F. M. Bonebrake, F. W. Freeman, J. R. Mulvane, A. W. Knowles, C. W. Snyder, P. P. Metzger.

## MOB MURDERS A JUDGE.

Martial Law Has Been Declared  
Throughout Spain.

Madrid, Sept. 19.—Martial law has been declared in Spain.

This followed reports of violence in connection with workmen's strikes which have been called in various cities to further the government's revolutionary plot. The most serious situation is in Valencia, where a general strike was declared yesterday. The city was at once placed under martial law and though there were more or less rioting throughout the day the authorities had matters pretty well in hand until after dark, when the disturbers vented their fury in an attack on the officials in the adjacent township of Cullera.

The rioters murdered a judge and wounded other officials of the court which had been engaged in the trial of those who had been arrested earlier in the day. The mob was finally dispersed by guards from the custom house. Strikes also have been declared at Bilbao, Saragossa, Calles, Huelsa, Seville, Gijon and other cities. In some of these places the movement has been but partially successful.

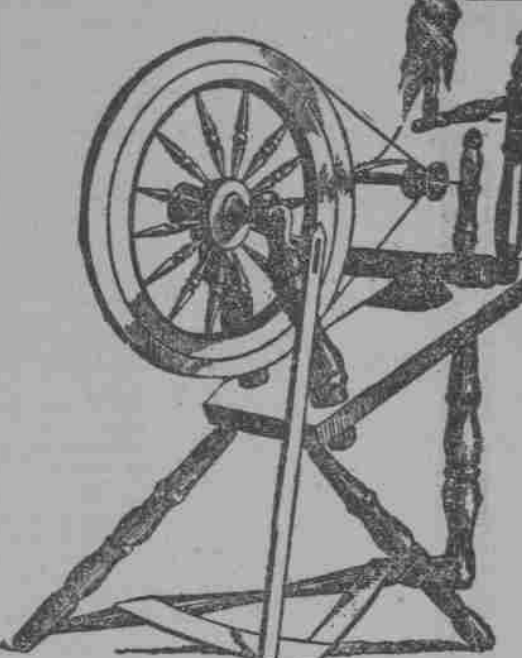

Premier Canalejas announces that the government has in its possession the details of a revolutionary plot uncovered at Valencia and Barcelona. Part of this plot was to assassinate General Weyler, captain-general of Catalonia. The government claims to know the names of all the conspirators and the sources of their supplies.

The general union of labor today decided to call a general strike throughout Spain on a date to be fixed later.

Troops Fire on Crowd.  
Bilbao, Sept. 19.—Troops this afternoon fired on a crowd that was engaged in freeing prisoners, including strike leaders who were being taken through the streets. Twenty-six persons were wounded. The situation is grave.

Twelve Firemen Overcome.  
Chicago, Sept. 19.—Twelve firemen were overcome by smoke while fighting flames which had attacked the warehouse of the McCormick branch of the International Harvester company's plant today. Battalion Chief James Ward, leading a rescue squad, entered the building and carried the fire fighters to the street where they quickly revived. The flames started in the basement of the building and rapidly spread to the upper floors. The fire caused a damage of \$10,000.

We will prepay express charges to any point in Kansas on linens during this sale.

## KANSAN MYSTERIOUSLY KILLED.

Found Dead in Front of Seat in His Own Buggy.

Iola, Kan., Sept. 19.—County Attorney R. B. Smith of Neosho county has gone to Stark to investigate the death of John Woodruff, a young farmer, whose dead body was found late Monday morning hanging from the seat of the rig he was driving.

Around Stark the impression is that Woodruff killed himself. One report says that he was riding in company with two men when the shooting took place, but another and the one most generally accepted is that the two men were driving in a rig just ahead of Woodruff, who was alone in his buggy. The men, it is said, were going to a nearby creek to hunt. Suddenly, six shots rang out in rapid succession, and the men in the rig ahead halted the team to glance back and see the prostrate form of Woodruff lying across the seat. Every one of the six chambers in a revolver were empty. Two bullets had taken effect in the body, one in the knee and another in the arm. Woodruff bled to death before his companions could take him to a physician and relate their story.

Woodruff was about 22 years old, and is survived by his wife and three small children.

The shooting occurred on a country road, about two miles south of Savonburg, in Neosho county, not a great distance from Woodruff's home.

Gored by a Pet Deer.

Springfield, Mo., Sept. 19.—A pet deer attacked and seriously injured Frank Headley, a business man here. Headley was knocked down and one of the prongs of the enraged animal's horn entered his thigh. He was rescued by neighbors who heard his cries.

## SHAKERS WON'T HELP.

Members of Sect Who Chloroformed Woman Must Take Consequences.

Canterbury, N. H., Sept. 19.—Reports that the Shakers of the country intend to raise a large fund for the defense of Elizabeth Sears and E. B. Gillespie, members of the Shaker colony at Kismine, Fla., who are alleged to have administered chloroform to Sadie Marchant when she was in the last stages of tuberculosis are denied by Elder Arthur Bruce of the Canterbury Shaker colony. In a statement today Elder Bruce said:

"It seems to me that Brother Ebert Gillespie and Sister Elizabeth Sears, according to what knowledge I have, acted to save the least most unwisely. Nothing is desired by Shakers for them other than justice before the law. If on trial of the facts it shall appear that the chloroform was administered with intent in a manner to illegally cause the death of Sadie Marchant no Shaker would demur if punishment according to law followed. Shakers as a whole will have nothing whatever to do with the legal aspects of the case and will not furnish funds for any possible defense."

## THEY COME TO SEE TAFT.

Many Canadians Cross the Boundary to Meet the President.

Sault Ste. Marie, Sept. 19.—In the presence of a cheering throng, President Taft was formally welcomed to Sault Ste. Marie as he alighted from the train here today at noon. Such a crowd had never been seen in the Soo before and many had come by special trains from great distances. A noticeable element in the assembly was the great number of Canadians, who had crossed from the other side of the St. Marys river to see, as many of them humorously put it, "the man who was going to annex Canada."

He produced a profound impression on them with his genial smile and hearty handshake as he said: "A gentleman from Canada? Glad to meet you, sir."

M. F. KING IS NAMED.

He Will Run for Congress on Prohibition Ticket in Second District.  
Ottawa, Kan., Sept. 19.—At a convention of the Second district Prohibitionists in the court house, M. F. King of this city was nominated for congress. He is an ordained Baptist minister, who sells bonds for a Chicago company. There were eleven votes cast.

## MARGARET DELAND'S

New Novel

## The IRON WOMAN

A NY book by Mrs. Deland would be notable. But "The Iron Woman" marks an event in American publishing. It is more than a novel, as we have come to know the work. Mrs. Deland pictures youth—dewy, virginal youth—in all its tenderness and passion, its foolish obstinacy, and generous impulsiveness, with beautiful idealism. Her young people are wonderfully attractive in their perfect naturalness. She portrays the elders—people whom life has hardened—with just as deep understanding and sympathy. She has a way of penetrating the outward husk of habit and finding the living heart underneath. As for the story itself, it is difficult to speak of its beauty in terms of self-restraint.
